Reminders

- **Reminder to continue practicing multiplication facts, as this is a crucial skill to have now and going into fourth grade, as well as in the future.**
- **Your child received a paper slip with their current AR information. We are getting very close to the end of the quarter, and several students are still quite a ways away from reaching their fourth-quarter AR goal. Students are given time each day during school to read their personal books and take AR tests on them. Please make sure to also read at home as much as possible to ensure that they continue gaining important reading skills and are able to successfully reach this goal. Thank you.**
